The Finance Minister of the Central Government presents the Union Budget before the Parliament during the month of February every year. The budget, also referred to as the annual financial statement reflects the estimated receipts and expenditure of the government for a particular financial year that begins on the 1st of April and ends on 31st March. Changes in the tax structure are suggested in the budget. Besides this, provisions are also made for allocating expenditure on defense, education, research and development, etc. The date for presenting the budget has been shifted to the 1st of February every year. This enables generation of funds well in advance prior to the commencement of the financial year.

- 1) Where is the Union Budget usually presented?
- 2) Explain the term 'budget'

Q.6] Answer the detail. (Any One)
